

PAYTON HUBBARD

Antigua, Guatemala | paytondhubbard@gmail.com | www.patehubbard.com

Summary

Enthusiastic, hard-working professional who is always looking for improvement. I love working with data, finding patterns and deriving insights from what others may look like just a bunch of rows and columns. I also really enjoy organizing and overseeing projects. Thankfully, these two passions often intersect. I am very curious and constantly learning as I seek new ways to grow as an individual both personally and professionally.
